PROV LIBRARIAN

NUMBER 32. WAINWRIGHT, AUGUST 6th, 1919. C. R. Morrison, Proprietor

INFORMATION REGARDING CATTLE AND HAY SHIPPING QUESTION

Application forms which must be used by those who desire to ship stock hay on relaying outfits under free freight as arranged between the railways and the federal and provincial governments will be available from all railway agents and at the banks throughout the dry area. These forms are now being printed and will be distributed as quickly as possible, so that no time will be lost in remedying the feed situation. Shippers this year will have to make applications on the regular printed forms; last year applications were considered which were not on the official form, but E. C. Bain, Dominion Livestock Representative at the Edmonton yards, who was in Calgary on Tuesday of this week, said that the instructions were not to accept any but the applications on the official blanks.

Applications for free freight must be endorsed by the secretary of the rural municipality in which the applicant resides, or his banker. These applications er forwardd to E. C. Bain, Livestock Representative, Edmonton, by whom they will be considered and if all is in order the provincial certificate will be forwarded to the applicant with as little delay as possible.

In the case of applications for hay, the applicant must give the point from which he desires to make shipment and also the purchase price. Applicants for concessions must have been owners of the stock since July 1 of this year.

The conditions are not as wide open as they were last year, for the free freight on stock or hay shipping will not be granted to those who have more than 100 head of cattle or horses or 200 head of sheep and no free shipment will be allowed onmore than two cars of stock nor will any of those who are entitled to the rate be allowed to ship down more than seven cars of hay. Two and a half tons of hay will be considered equal to one head of cattle or horses and five sheep equal to one of these.

The area included in the dry belt is as follows:

South of the following boundary, the line starting west of Wetaskiwin and through that town east to Camrose; Camrose north to Tofield; To-

Rev. T. C. Buchanan, D.D., superintendent of Methodist Missions, for northern Alberta, visited Wainwright Irma and Jarrow this week. He was agreeably surprised at the fine condition of the crops as compared with those of southern Alberta.

G. W. V. A.

The regular monthly meeting of the Wainwright branch of the Great War Veterans association will be held in the rooms on Saturday August 9th at 8 p.m. Members are urged to be present as there is smuch important business to transact including the election of a secretary, receiving of the report of the Vancouver convention, completing plans for the Hillson Whit. Lyceum series of concerts, receiving of new members, etc.

A hearty invitation is extended to all returned soldiers. Come and help us boys—we are helping you.

UNITED CHURCH MOVEMENT WILL BE INAUGURATED

Sunday, September 14 has been set for inaugural day for the United Church Forward movement, and on that date the manifesto will be published from the different pulpits of Calgary and the prayer cycle distributed. The whole province has been divided up into districts and during the months of September and October there will be a convention held in each district, with special meetings at Calgary and Edmonton. The conventions will be held at the following places: Medicine Hat, Lethbridge, Macleod, Calgary, Hanna, Red Deer, Edmonton, Vermilion, Wainwright, Camrose, Cor-

A Clincher

It was at dinner time in hospital the usual compliments were going round. Percy was describing for the umpteenth time, to all who cared to listen "How he got hit."

Old Bill stuck dinner through then rising obviously disgusted remarked "For goodness sake dry up. I was longer under chloroform than you were in uniform."

field to Chipman and three townships north, and extending southeasterly to the Lloydminster district. Residents of districts which are bordering on the line of railway, mentioned, may be included in the concession where conditions warrant it.

In the arrangement by which the cost of shipments is borne by the governments adn the railways, the E. D & B. C and A. G. W. railways are not included, the governments bearing all the cost on these two roads.

The free freight concession is not granted to the movement of stock to any point outside the province of Alberta but free freight from Saskatchewan or Manitoba as well as from Alberta points, to stations within the dry area.

PLAN TO SIEZE MILITIA MADE BY R. E BRAY

Winnipeg, R. E. Bray returne1 soldier and Winnipeg strike leader on trial for conspiracy declared on June 10th last that he had a fully organized band of 3,000 to 4,000 men ready to take up arms at a given signal.

A. A. Heaps, labor alderman of the city of Winnipeg, who is on trial with Bray and six others, knew of the plan.

This was the sworn evidence of Detective W. H. McLoughlin, of the N. W. M. P. in court here.

He said: "In the course of my conversation with Bray he stated that the affair was going to end in a fight and when I lamented the fact that we had no guns, Bray said 'Don't worry about guns, we'll have them. We have got between 3,000 and 4,000 men ready and instructed to be in certain places when the alarm is sounded and they will get into the citizens' cars which are to carry the militia to Minto barracks, pass themselves off as militiamen until they get inside the barracks get possession of the rifles, urn these on the real soldiers and sieze teh barracks."

HUDSON BAY CO. SURTAX APPEAL IS DISMISSED

London, Aug. 2—Lord Parmoor delivered judgment for the judicial committee of the privy council dismissing with costs the appeals from the Saskatchewan court by the Hudson's Bay company against a surtax levied by the rural municipality of Bratt's Lake, and a similar appeal by Martin against the Snipe Lake council. The company relied on the provison in a surrender that no exceptional tax should be placed on its land, trade or servants and contended that the surtax levy of six and a quarter cents per acre under the specified conditions of cultivation or residence under the Rural Municipalities Act, was such exceptional tax, and should not be levied except to supplement ordinary taxation on assessed values.

About 1,778,844 acres belonging to the company were charged with the surtax. The court held that the surtax was within the powers and discretion of the councils to levy and was not exceptional being both uniform and equal, subject to exceptions of a uniform character, to which owners and occupiers were entitled without discrimination provided they fulfilled the specified conditions.

EARLDOMS WILL BE GIVEN TO BEATTY AND HAIG

London, Aug. 5—Field Marshal Sir Douglas Haig and Admiral Sir David Beatty will be created earls in recognition of their war services, it was announced. General E. H. Allenby will be a viscount. Gen. Sir Herbert Plummer, Gen. Sir Henry Rawlinson, Gen. Julian Byng, and General Henry S. Horne will be given baronetcies.

His Mistake

"Ah darling," remarked Mr. Justwed "I see you have made a pudding with your own sweet little hands! What kind is it my pet?"

"It isn't pudding," replied Mrs. Justwed, bursting into tears, "It's b-bread"

Record Oats

A small sample of oats pulled on the farm of William Murray takes the record for height this year. The straw from root to tip measured exactly five feet. It would be useless to say that this is a sample of our crops this year, but it shows what can be grown. He has around thirty acres which will make more than an average crop.

EDITORIAL ASSOCIATION ENTERTAINED

The members of the National Editorial Association who are touring through western Canada under the auspices of the Dominion government, arrived in Wainwright last Friday at six o'clock. The train was met at the station by a party of business men and the board of trade, and automobiles took the party immediately out to the Dominion buffalo park.

The tour through the park was very much appreciated and many questions were asked regarding its size, the number of animals it contained, etc.

M. R. Jennings, Editor of the Edmonton Journal and representative of the Canadian Press Association, Mr. Frith of the Edmonton Board of Trade and Mr. Craig of the provincial government came down from Edmonton to welcome the newspaper men to Alberta.

There were 225 people in the party, and their trip took them from Winnipeg, through Saskatoon, Prince Albert, Wainwright, Edmonton, Jasper, Prince Rupert, Victoria, Vancouver and to Seattle and Portland where conventions will be held. They will return via the Canadian Pacific railway, leaving Vancouver August 18th, and stopping at Revelstoke, Field, Lake Louise, Banff, Calgary and down to Lethbridge, Medicine Hat, Swift Current, Moose Jaw, Regina, Brandon and then arriving at Winnipeg on the 26th, from where they will all proceed to their destinations.

The party consists of newspapermen from the central and western States.

Big Game Preserve

"I understand you come from a great game country?" said the lady on the committee to welcome the grizzley warriors of the Western Plains.

"Indeed, yes, ma'am," was the cow boy's reply.

"What is the biggest game you have in Alberta?"

"Poker, ma'am!"

FINED FOR SELLING WHISKEY

Constable Holtsbaum was in Chauvin this week where he arrested and tried A. Thornton, for the illegal selling of whiskey. He was fined $150 and costs.

GILT EDGE BALL ARTISTS DEMONSTRALF

The Intermediate baseball team of Wainwright journeyed to Gilt Edge on Wednesday to explain to the hay makers how the game should be played. The only difficulty in explaining this, was the fact that in sending out teh game, the boys failed to connect theory with practice, and consequently their demonstration could not be termed as successful.

At about 5.30 "Bill" Brunker hitched up his Ford truck and the team all piled in, and eventually arrived at the grounds.

After some delay the two teams finally lined up with Gilt Edge to bat.

Wainwright's star pitcher, Guy Pigeon then burned a few plate cutter to bawling, behind the bat and the game was going fast and furious.

Gilt Edge only made one run thi first inning.

Jack Bisson, general manager and scout for the Gilt Edgers, then decorated the mound and placed his stalwarts in strategic positions and opened fire. Jack has an eight day clock movement, but when the old ball is finally on the road to the batter, it is going some. Jack's inshoots, and square curves had Wainwright boys guessing and he fanned a goodly number. However, Elder and Spence both brought in a score in thi first inning.

In the second inning Gilt Edgers arose as a mightly force and slugged hard and heavy, and aided by numerous errors and bum plays of the locals, they brought in eight runners.

The game was called at the end of the fourth inning with the score of 13 to 5 in favor of Gilt Edge.

The Wainwright team: H. Davies, D. Elder, Smith, Spence, Pigeon, Dobel, B. Davies, A. Armstrong and M. Pawling.

Gilt Edge: McNern; L. Babb, W. Plaxton, M. Babb, N Bisson, Kitchen, Smith, B Babb, McLean.

Batteries: Wainwright Pigeon, Elder and Pawling

The perfect and impartial decisions of the umpire was much commented on, and in the opinion of the crowd, should migrate to major league Modesty forbids giving his name

MANITOBA WILL HARVEST 45,000,000 BUSHELS

Winnipeg, Aug. 5—Manioba will harvest approximately 45,000,000 bushels of wheat this year, according to an estimate given out by Hon. Valentine Winkler, provincial minister of agriculture. He predicted the average yield would be fifteen bushels to the acre. The wheat acreage of the province is said to be nearly 3,000,000 acres. Estimating the price of wheat at $2.25 per bushel Manitoba's wheat crop will be worth $101,250,000, as compare dwit h $112,710,000 late year, when the yield was 51,000,000 bushels and the price $2.21 per bushel. Red rust is reported in a number of Manitoba districts.

Experimental Farm Notes

Experimental Farm Notes

The necessity of increasing the acreage of forage crops in the prairie provinces is only now being fully realized. At the present time many farmers are without sufficient feed for their stock and unable to purchase. Of the many crops tested on the Scott Experimental Station alfalfa has been found to give fair returns in the dry seasons providing it is sown in rows at least 24 inches apart. In 1919 alfalfa in rows thirty inches apart yielded at the rate of two tons of cured hay per acre. It is not recommended that that large areas be planted to alfalfa, yet it is urged that every farmer who has young animals grow sufficient to carry the calves, colts and pigs through the first winter and to furnish part of the pasture for the swine during the summer months. Young animals fed alfalfa hay develop more rapidly than those fed on prairie wool hay since the alfalfa contains an unusually large quantity of protein, the muscle forming element in the food. When prairie wool is worth $10 per ton the alfalfa may be reckoned to be worth at least $20.00.

There is usually little difficulty in securing a catch of alfalfa providing the seed is drilled into moist land; clean summer fallow is preferable, with the rows thirty inches apart. Three pounds of seed per acre is sufficient and this will only mean a cost of $1.80 per acre and thi scost divided over four years will amount to 45c per acre per year. Before sowing the seed should be treated with nitro culture. This can be secured free with directions how to apply from the Division of Botany, Central Experimental Farm, Ottawa. The seed should not be sown to a greater depth than two inches and the seed bed should be made fairly firm. Sowing alone early in May with the grain drill will usually insure a catch.

No crop can be expected the first year, but if weeds grow up they can be trimmed off with the mower so as to prevent them going to seed. Once the crop is established the cultivation can be done with the ordinary spring tooth cultivator with dull, narrow blades. If the land is reasonably free from weeds the cultivator can be run over the land early in the growing season and then again after the crop is taken off. The alfalfa is so deeply rooted and the roots are so vigorous that the cultivator does little injury and the shallow rooted weeds are destroyed.

As a pasture crop alfalfa is satisfactory, particularly for swine as it starts away in good time in the spring and provides pasture at a season when annual crops are only commencing to grow. It has the advantages of being more permanent than sweet clover, higher in feeding value than many of the grasses and of being hardy providing it is not cut too late in the season or pastured too closely in the fall.

Returning Home

The following men from overseas for this district arrived in Canada on the S. S. Saturnia:

Pte. L. I. Carl, Wainwright.
Pte. Burford, Chauvin.
Corp. C. R. Clifford, Ribstone.
Pte. H. L. Cote, Chauvin.
Pte. R. W. Shawfer, Wainwright.
Corp. A. B. White, Edgerton.
Pte. L. C. Tory, Battleview.

A BEAR STORY

(Chauvin Chronicle)

About ten days ago our genial auctioneer W. Vanderlip, whose remarkable success in getting a good price for all that he offers for sale, is equaled only by his complete mastery of the difficult art of always selecting a fine day for his sales, returned from a trip west to the Pacific coast. During this tour he chaperoned a good company of our male citizens, to wit: Chas. Waite, Edgerton; Billie Smith, his father and Webber all of whom returned safely and are now none the worse to rtheir experiences, though maybe slightly lighter in pocket. They appear to have examined all the prospects of that part of British Columbia and visited every town of importance. Charles Waite purchased ten acres of fruit land at one of the prettist towns along the line, namely, Terrace. You should hear the fish stories about the Indians down the canyon spearing 40 pounders at frequent intervals (like the subway trains) but the best story of all is the one "Van" tells about the bears—Bears—yes, bears. In that happy innocence supposed to be the quality only of the very good child, our party of five set out from Tete Juane to climb a nearby mountain—yet it looks easy to start—and they wended their upward way under the shelter of the friendly forest, strangely as is the habit of mountains, the top became higher and further away yet on they pressed as only citizens of Chauvin and district can—"That's going some, let me tell you." Keenly they enjoyed the sweet aroma of the forest and its flowers and bye and bye they were conscious of other aromas, the party divided, some to seek the familiar smell of dinner, but Van called "Excelsior" and encouraged the balance of the party to perss toward the goal (all we almost said). How those aromas refreshed themm, they weer better far than dinner—one gets dinner every day—from the first suggestion of flowers fruit, fields and forests there grew in intangible uggetion of ferocious force—then some oe suggested beeves —o buffalo, then bears—yes bears,—the the very breath of air charged with that intense odor of bears, big bears, little bears, brown bears, black bears whilst behind every leaf, limb and tree a bear may have been lurking, they discovered bea rtrails and tracks marked in every direction. What was to be done, they were unarmed, not even a peashooter. Undauntedly they decided to return, and return they did by the way they came. Though the way was beset with bears more thickly than Van's sales are with bargains, that innocent was over them and they reach Tete Juane safely. The whole of the inhabitants were in a great state of alarm over their absenc and greeted protection which is over the unarmed them with that effusion which is only given in the ancient tales of Greek mythology—if you don't believe this is all true why go to Tete Juane and ask the ancient inhabitant or better still ese A. J. Sather, he has to come to Chauvin to sell life insurance; or as a last resort see Van himself but not before he gets up in the morning.

The Alberta Branch of the Canadian Amateur Athletic Association will hold a provincial championships sports day in Edmonton on Monday, August 11th. The program will have 100 yards run, 220 yards run; 440 yards run; half mile run, mile run; 120 yard hurdles; mile relay; pole vault, running high jump; standing high jumnp; running broad jump; hop, step and jump; 56 pound weight; throwing discus; 16 lb. shot; 16 lb hammes throw; five mile run; two mile run.

Gold, silver and bronze medals for each event. Entries close at 6 p.m. August 7th at McGill and Driscoll's 10060 Jasper avenue Edmonton. Entrance fee to each event 25 cents. Relay race $1.00 team. All competitors

FIGHT FOR LIBERAL LEADERSHIP NOW NARROWS TO THREE

Ottawa, Aug —If Hon. W. M. Martin keeps out of the fight for the Liberal leadership the contest will be between Hon. W.S. Fielding, Hon Mackenzie and Geo. P. Graham. Mr. Martin persists in his statements that he will not run under any consideration and and his friends have about given up urging him to enter the field. If he should change his mind he would have a solid western backing and would likely win, although the western delegation after all, is numerically small.

The Graham boom at present is at its crest and if he does not recede between now and Thursday morning, when the vote is taken he will be the successor of Sir Wilfrid Laurier. The Quebec delegation is still opposed to Fielding and no man can win without Quebec with over foun hundred votes.

Those opposed to Graham have started the story that Sir Clifford Sifton is backing him. They even say he has been in consultation with him. If this story is generally credited it might kill his chances, as the western delegates particularly are suspicious of Sifton Why he is in Ottawa and what he is doing on the outskirts of the convention is a mystery to the politicians. He is in the thick of things at the Chateau Laurier and has been quietly consulting many delegates.

AT THE TRAPS

Shooting at the traps took place this week, the visiting guest being C. Bowler, and old trap man, now of Battleview.

Scores, 25 birds:

TAKING DRIECT STEPS TO STOP PROFITEERING

London, Aug 6—Great Baitain purposes establishing a central authority to deal with profiteering it was announced by Sir Auckland Gedes minister of reconstruction, at the resumption today of the hearings by the house of commons, sitting as a select committeeh to investigate the high cost of living and the profiteering.

Sir Auckland said this central authority, according to the government's plan, would be associated with local and county tribunals. New powers would be asked for in connection with the project and an increase in penalties for violations put into effect.

At the first sitting of the committee George H. Roberts the food controller set forth the difficulties of the situation in dealing with the high cost of food and other necessaries, declaring for one thing that deficient home production was responsible for some of the trouble. Great Britain did not have the coal or manufactured goods to exchange for food. He thought there should be more severe punishment for persons found guilty of profiteering and gave his opinion there should be always an effective control of food prices and of supplies throughout all stages of their distribution. He caid the government was making an inquiry into possible measures for protecting the country against high prices for meat. This statement was made after he had suggested that the situation with regard to an alleged American meat combine called for international action.

While making his statement on the profiteering question Sir Auckland was asked whether an attempt would be made to make the profiteers disgorge. In reply the minister of reconstruction said: "The question of retrospect action is now under consideration."

The tribunals which it is proposed to set up, Sir Auckland continued, would be empowered to inflict penalties up to $1,900 or six months imprisonment.

The minister declared that the house of commons would not adjourn until there was some power in the hands of the government to deal with profiteering.

The Government's proposed bill, Sir Auckland said, would apply to England Scotland and Wales, but not to Ireland

In view of the proposed measure be added, the help of the selection committee considering profiteering would not be needed. The committee then adjourned and it was announced procedure in the matter would be determined later.

ITEMS OF INTEREST

THE HAY PROBLEM.

Stockmen in this district have been very much concerned about the available supply of feed for this winter, and many parties have left here for the northern part of Alberta and to British Columbia in search of hay leases.

A little of the experiences of one party who left here for Burn's Lake, B. C., where they were told they could find plenty of hay, may be of interest to those who contemplate such a trip. On the first play they allege that the literature regarding open lands and hay meadows in northern B. C. is absolutely misleading. Places where small meadows were located, were so inaccessible that a mower and rake would have to be dismantled and packed in on pack horses, to get to it. As one man said, "I know hay when I see it, and I can truthfully say that there is absolutely no hay in that part of B. C. that has not been taken up long ago. In other words there is nothing there for the stockman whatever."

This man was prompted to say this after spending over a month in that country, travelling by pack khorse, train, wagon and every other means.

IS INADEQUATE:

Premier Stewart talks of spending eighty thousand dollars on road work for the purpose of bringing relief to south country farmers who are victims of the drought. Outside of this expenditure there will be little or no road done in Alberta this year. This is most disapointing.

It is many months now since the provincial government announced its forward policy for permanent highways throughout the province. The flourish of trumpets and the people were led to expect that something worth while would happen speedily. Really nothing has happened thus far. In fact it is questionable if the government has yet prepared its plan of the proposed main highways.

There is nothing commendable in the government's attitude on the highways matter. It is dilatory and altogether unsatisfactory. Year after year hundreds of thousands of dollars are being taken from automobile owners in license fees that should be applied to road improvement. It isn't. Also such work on the roads as the government is doing is of the same old slipshod character, which means that the money spent is largely wasted.

Even the relief program outlined is woefully insufficient for the purpose. Eighty thousand dollars will be but a drop in the bucket. Men who know the situation assert that many times that amount must be spent if anything like adequate relief is to be secured. In this, as in other directions the record of the Alberta government leaves much to be desired.—Calgary Herald.

The situation is very noticeable in this district. Approximately 500 auto license plants were received for autos in this district this spring, which would bring the revenue around ten or twelve thousand dollars, and certainly a very small portion of this amount has been expended on roads here.

According to the roll of the Alberta Law Association there are in this province enough lawyers to give one for each seventy five of the total population. Wouldn't it be a good idea for the university authorities to declare a closed season for lawyers for the next ten years giving the men now in the overcrowded profession a chance to a decent living?

If we continue to have the rains at the same rate as at present, during the next two months prospects for a bumper year during 1920 will begin to look more certain. The soil must be full of moisture this fall, if next year's crop is to get a good start.

"I came; I saw and I ate" is what the members of the National Editorial Association can say regarding the buffalo in Alberta. They did their eating at Jasper park on Sunday.

A sister of the famous Russian dancer, Anna Pavlowa, lost husband, child, seven brothers, father and mother in the war.

Six hundred vessels of 5000 tons are required for the shipping of Australian wheat to the markets of the world this year.

Under an agreement reached between the Employers' Association and the Federation of Trade Unions the eight hour day is to be introduced in Denmark from January 1, 1920.

California's Imperial valley's melon crop for the season now wdrawing to a close is bringing returns of $9,500,000 from approximately 7,000 carloads shipped mostly to eastern centres.

The United States Rubber Company of Canada was recently incorporated with an authorized capital of $20,000,000, which, together with provisions in the charter are indicative of extensive activities in Canada.

Cabins on ships for Canada and the United States are at a premium in Japan. The overcrowding is due to the fact that a large number of Japanese are visiting the United States and Europe, and that many foreign residents are visiting their homelands.

Extensive plans are being made to make Florida one of the greatest cattle raising states of the Union. The area of unused land in this State is so enormous as to permit establishment of cattle ranches that will rival those of Texas or California.

Delegates to the National Liberal convention which opens this week in Ottawa have commenced to pour into the capital. They are from all parts of the Dominion as far north Yukon.

Torrential rains fell in the southern part of Alberta Friday and Saturday.

PRINCE OF WALES SAILS FOR CANADA IN RENOWN

The Prince of Wales sailed for Canada Tuesday on board the cruiser Renown. There wa sno ceremony attending the departure.

King George and Queen Mary accompanied the prince aboard the Repulsa TAOIN SHIL UN... U. SUN nown, and inspected the guard of honor drawn upon the deck. A farewell luncheon was served on board. There was no speech making but the king raised his glass and wished the prince a prosperous voyage and a safe return.

The royal party having inspected all the ship's arrangements, returned ashore, the prince accompanying them to the railway station where there was an affectionate leave taking in the train saloon.

The prince stepped out and stood at salute with tightly drawn lips as the train pulled out for London. Then he reboarded the Renown which hsailed immediately.

A LABOR PROBLEM

How hard will the laborless laborer of the future have to labor, to convince the bourgeois who support him that he is laboring and is entitled to the privileges, powers and perquisites of the laborer.

OUT OF DATE

"Pack my box with five dozen liquor jugs," is said to be the shortest sentence in the language that contains all the letters of the alphabet. It is also he most futile.

Fifty-four Years of Banking Service

Time has demonstrated the soundness of the policies on which the first Board of Directors founded this Bank fifty-four years ago, and which have continued throughout its existence.

Because its daily affairs have constantly been conducted in a sane, conservative and yet progressive manner, the depositor and general banking public alike is amply protected. 1433

Government of The Province of Alberta

TENDERS FOR THE CONSTRUCTION OF TELEPHONE EXCHANGE BUILDINGS AT CASTOR, WAINWRIGHT, LOUGHEED AND VIKING —ALBERTA.

SEALED TENDERS addressed to the undersigned and endorsed "Tenders for the construction of Telephone Exchange Buildings at Castor, Wainwright, Lougheed and Viking Alberta" will be received up to 12 o'clock noon August 16th, 1919.

TENDERS submitted may cover one or all buildings, but each building shall be covered by a separate tender and shall be considered as individual contracts.

Plans and specifications may be had on application to Engineer and Plant Superintendent, Department of Telephones, Parliament Buildings, Edmonton.

Accepted cheque for Five (5.00) Dollars shall accompany each request for Plans and Specifications, which shall be returned when contract is awarded.

Each tender must be accompanied by an accepted cheque payable at par Edmonton, to the Deputy Minister of Railways, and Telephones for Five (5) per cent of the Tender.

Should the contract be awarded, the successful bidder shall be required to execute a guarantee bond on an approved Surety Company equal to twenty (20) per cent of the Tender as a guarantee for the faithful fulfilment of his contract.

The cheques of the unsuccessful bidders will be returned within Six (6) days after the contract is awarded.

The right is reserved to reject any or all bids or to waive any defects.

N. L. HARVEY,
Deputy Minister of Railways and Telephones.

Dated at Edmonton this 30th day of July, 1919.

PRICES ARE HIGH FOR DRESS GOODS

The acute situation in the raw material markets is causing a great deal of unrest in the dress manufacturing industry, according to a statement issued on July 15th by Executive Director David N. Mocessohn, of the Associated Dress Industries of of America. Mr. Mocessohn pointed out that the marked scarcity of desirable fabrics is compelling a number of manufacturers to curtail their production and prorate their orders among their retail customers, and is also compelling some manufacturers to refuse additional business.

"The situation in the fabric end of the industry is a very serious one and is bringing about a prplexed condition of affairs." said Mr. Mocessohn. "Our organization has received a number of letters from manufacturers to the effect that their output must be curtailed on account of the fabric situation, and this condition of affairs is causing prices to rise to new levels.

"From what I can learn there is no immediate relief in sight, and buyers will do well to lose no time in making known to the wholesale houses just what their requirements are. A buyer who holds off his purchases under present conditions will pay more for the merchandise later and will be fortunate if he procures desirable goods at that time. The shrewd buyers have already placed orders in the market and in some instances have bought up the entire production of cetrain fabric from manufacturers, and this, naturally, means that if new orders are received prices, dependent entirely on the advanced cost of raw materials.'

STRIKE IS AVERTED

Geneva — The threatened general strike in Switzerland has failed owing to the energetic steps taken by the government to prevent it and the decision of the Swiss Workmen's Union not to support such a movement.

be covered by a separate tender and phones, Parliament Buildings, Edmonton.

DRANK WOOD ALCOHOL

Grand Forks, Aug 5—Three tranients are dead and three others, one of whom is not expected to live, are in a serious condition as the result of drinking wood alcohol at an informal birthday party.

N. G. VAN DYKE,
Secretary-Treasurer, Dolcy, Alta.
Dated this 29th day of July, 1919.

FRENCH GENERAL IS TO COMMAND THE ARMY

Paris—Premier Clemenceau conferred with Marshal Foch and the members of the interallied supreme council Afterwards it was decided having regard for the impotrance of the French troops on the Rhine to give a French general command of the allied troops of occupation.

BLOOD POISONING

Soothe a Wound Quickly with Zam-Buk First Aid Treatment

How often lockjaw and blood poisoning result from the neglect of a slight scratch or little cut! Hamlin's Wizard Oil is a safe and effective first aid treatment. It is a powerful antiseptic and should be applied immediately to wounds of this kind to prevent danger of infection.

It is soothing and healing and quickly drives out pain and inflammation in cases of sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for stiff neck, sore feet, cold sores, canker sores, earache and toothache.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

PUBLIC NOTICE

Public Notice is hereby given that there has been introduced in the council of the Municipal District of Gilt Edge, No. 422, a Bylaw of which the following is a short synopsis.

A Bylaw prohibiting the running at large within the Municipality of all stock belonging to persons who are not resident land owners of the Municipal District.

The provisions of said Bylaw also provide for limiting the number of horses or cattle to Seventy five (75) which a resident land owner may allow to run at large for each 160 acres so owned by him, and that a copy of the same may be seen in each of the following places: viz:

Office or Sec.Treas., Wainwright.
Post Office—Gilt Edge, Alberta.
Post Office—Hope Valley, Alta.
Post Office—Heath, Alta.
Post Office—Edgerton, Alberta
Post Office—Greenshields, Alta.
Post Office, Wainwright, Alta.

At the Residences of
Geo. Otterholm, S. W. 26—44—4—4
Harry Moss, N. E. 34—44—5—4
J. H. Dawson, N. W. 19—46—4—4
Chas. McGlennon N. E 14—46—5—4

James Church, S. W. 4—46—6—4
Francis Traynor, N. E. 15—46—5—4
F. H. Bailey, S. E. 18—46—4—4

and further that unless within thirty days from the publication of this notice at least ten resident electors of the Municipality petition the council to submit such bylaw to the vote of the resident electors of the municipality the council will proceed to pass the same.

Dated this 22rd day off July, 1919.

D. W. HANSEN,
Secretary-Treasurer of the Municipal District of Gilt Edge, No. 422.

BY-LAW NO. 11

A Bylaw of the Municipal District of Gilt Edge, No. 422, for the Restraining of Animals at Large

1. In this bylaw unless the context otherwise requires, the term "animal" means and includes horses, cattle, sheep, swine or poultry.

The term "horse" shall mean and include any mare, gelding, filly, colt, jack, or mule.

The term "cattle" means any cow, ox, heifer, steer or calf.

2. No horses, cattle, sheep, or hogs, the property of any person non resident within the said Municipal District of Gilt Edge No. 422, shall at any time, be at large in any part of the said Municipal district.

3. Any animal at large shall be deemed to be any animal not under direct control of the owner or some one acting under his authority, or not confined in any building or within a lawful fence.

4. Any animal at large contrary to the provisions of this Bylaw may be impounded in the manner herein provided for.

5. Pounds shall be established as follows:

Division 1—Andrew Trautmann, N. W. 12—44—4—4.
Division 2—David Sutherland, N. E. 20—44—5—4.
Division 3—George Wilson, N. W. 15—46—4—4.
Division 4—Russell Fox, N. E. 34—45—5—4.
Division 5—J. R. Allinson, S. E. 16—46—5—4.
Division 6—Giles James, S. W. 22—46—4—4.

6.—Any fence conforming with the requirements of the Fence Ordinance shall be deemed to be a lawful fence.

7. Notwithstanding anything herein contained, any resident of the said Municipal District may allow Seventy-five (75) head of horses or cattle to run at large for every 160 acres of land owned by him within such district.

8. Provided, however, that no permissions granted under this Bylaw to any resident, will permit him to have any animal at large contrary to the provisions of the Entire Animals Ordinance.

9. "Owner of land" means and includes any person who is residing on, and has possession of land purchased under an agreement of sale.

8. The provisions of Sections 208 to 215 inclusive of the Municipal Districts Act shall be deemed to be incorporated in and form a part of this Bylaw, substituting the word "Bylaw" for the word "Act" where the meaning requires it.

9. The Provisions of the Stray Animals Ordinance, the Herd Ordinance and the Pound Ordinance shall cease to be operative within the said Municipal District, on the coming into force of this Bylaw.

10. Any person who suffers or permits any animal which he is entitled to possession of, to be at large, except as herein provided, within the said Municipal District, shall be guilty of a breach of this Bylaw, and shall, under summary conviction under Part XV. of the Criminal Code, forfeit and pay as a penalty an amount not exceeding one Hundred Dollars and costs, and in default of payment forthwith after conviction, shall be liable to punishment by imprisonment with or without hard labor for a period not exceeding thirty days, unless such fine and costs, including the costs of committal, are sooner paid.

Done and Passed in Council this 17th day of July, A. D., 1919.

F. H. Bailey, Reeve.
D. W. Hansen, Secy-Treasurer.

DELIGHTFUL VACATION TRIP

In days no further back than five years ago, the glorious scenery of the Canadian Rockies in Central British Columbia, which has been opened up by the construction of the G. T. P. railway, were reserved for the intrepid hunter or prospector andthe native red man. Today this playground so expansive that distances cannot describe it, is virtually at the door of tourists, travellers, alpinists and sportsmen. This unspoiled wonderland may be penetrated to the very heart in luxurious modern railway train. The Grand Trunk Pacific railway has issued a handsomely illustrated folder descriptive of a "Tour of a Thousan Wonders" through the Canadian Rockies—Mount Robson route, embraoing the land of Totem Poles, so rich in history and romance, and embracing an ocean voyage of 700 miles through the protected water of the "instide Passage" of the North Pacific coast, from Prince Rupert to Vancouver, Victoria, and Seatle, on T. P. Steamship company, onthe steamships "Prince Rupert and Prince George" oft he G. ceded to be the finest and fastest vessels in regular North Pacific Coast service. A most interesting side trip from Prince Rupert to Anyox B. C. is also described. Copies of this folder may be had on pplication to any Grand Trunk Pacific Agent. advt.

If you plan to visit your friends own east this summer, there is no nor way to travel than via the Great akes route, and the steamships of the orthern Navigation company are the finest in service on the Great Lakes. Write to or ask your Grand Trunk acific agent for full particulars.

Advt July 30

McClary's Sunshine

A FURNACE easy to manage; a furnace that is economical of fuel; a furnace that will heat your home comfortably.

This is the proposition we offer in the Sunshine.

McClary's heating experts will plan a heating system for you without charge—a heating system that they guarantee will heat your home comfortably.

If you want to be sure of COMFORT, if you want a durable, honestly built furnace, well installed, put the problem up to us.

Ask about the LITTLE DRAFT-MAN that turns on the drafts and regulates them automatically.

WAINWRIGHT SHEET METAL WORKS

McClary's

Vulcanizing

The art of Vulcanizing was discoveded by Chas. Goodyear, some years ago. He discovered that the rubber gum when mixed with Sulphur, produced a substance that would not run or melt easily, was tough, and stood the wear. The sulphur and rubber gum were mixed with the application of heat of a certain temperature and with pressure, and the substance obtained is a constituent of auto tires.

VULCANIZING as understood by the general public nowadays, is a method of applying patches to both inner tubes and casing in such a manner that the patch and original tube are joined together in a homogeneous substance, precisely in the same way as the original casing was made. When a tube is properly vulcanized it is absolutely just as good as a new tube inevery way.

Just Installed
Steam Vulcanizing Plant

I have just installed a complete steam Vulcanizing outfit, consisting of a boiler, and Tire molds, and now have the only efficient plant in this district for this work. The plant will handle tires from Three inch to Four and a half inch, and can rebuild walls with any sort of tire clinch.

With this plant we can re tread oldtires so that they can be used for thousands of miles more. Don't throw away your old casings until you get quotations on repairing and retreading them.

Inner tubes that have holes too big to be closed by the ordinary patch, can be mended perfectly.

WE CAN GUARANTEE OUR WORK WE HAVE THE PLANT TO HANDLE ANY KIND OF JOB—WE CAN SAVE YOU MONEY IN REPAIRING.

A. Scoffield

The Palace Billard Hall

SERVICE FIRST

You will find us always at your service.

It has been and is now our aim to make this store a good place for you to buy your tobacco, not only in the class of tobacco carried and the selling of the same at reasonable price, but also the service which pertains to the handling of the goods.

OUR STOCK IS LARGE

By having a big stock we are in a position satisfy almost any customer and by keeping clear of cheap goods we can recommend to you any articles which you may purchase from us.

OUR PRICES ARE REASONABLE

Many times have people from other districts told us that our prices are lower than in their home town. This is largely due to the fact that, when prices were soaring we put in a large stock and at times were selling some lines of goods at lower than Wholesale prices.

CIGAR and TOBACCO COUNTER

The Palace Billard Hall 2nd Ave

NO LIMIT TO PRICE LEATHER MAY COMMAND

In the opinion of some of the leding Calgary retailers, the inflated price of leather is simply a question of a case of supply and demand. "So long as European agents are on this side buying up every pound they can lay they hands upon, for which they are prepared to pay fancy prices so long will the price continue to soar.

"What will be the approximate limit was asked.

"There will be no such thing and I will be surprised if boots next year will not bring $20 a pair. Of course I am not in the boot and shoebusiness but one has only to give the matter but little attention to see that this is more than a possibility."

The government has taken a hand in the matter and at a conference with the manufacturers, has decided to put an embargo on all hides, to go into effect immediately.

NEW FEELING OF OPTIMISM IN SOUTHERN ALBERTA

Calgary.—More rain has fallen in this district in the four days of August than for the whole month of July. The total for the 24 hours here from 6 p.m. Sunday to 6 p.m. Tuesday was 2.65 and the total since Friday morning was 4.29 inches. The rain was the heaviest since 1915 and was general from Red Deer south to the border and east to Swift Current.

The heavy rains, though too late for the wheat crops mean that the feed requirements from outside of the south of the province will be cut in half. This is an intense relief to stockmen and has brought a new feeling of optimism.

PLAXTOL NEWS

Arthur Rice took dinner with E. Swenson's the 24th.

John H. Fletcher was a school business caller at Mr. E. Swenson's the 25th.

Mr. and Mrs. E. Swenson and Mrs. Swenson's father G. W. Bricka were visitors at Ben Casper's last Saturday evening.

The Plaxtol school board met at E. Swenson's to ratify the appointment of Mr. Pery as school teacher.

Granded Caspar visited with G. W. Bricka at the Swenson home the 30th

Arthur and Homer Rice were visitors at the E. Swenson home on Friday.

Ben Casper has returned to town after spending a vacation on the farm putting in his time making hay.

E. Swenson's have moved into the new addition of their house. The work will be completed on the building after haying time

COME IN, BROTHERS, THE WATER'S SURE FINE

According to an Associated Press report, the priests of Loreto have struck for more pay. Loreto, near Rome, Italy, is a celebrated resort of pilgrims. The priests have stopped celebrating mass until they get what they want.

Will the movement spread.

Certainly this is a large and hitherto unexpected find. Will this incipient movement spread among the churches ministers with a six hour Sabbath, a minimum wage, and collective bargaining? No church circle may hereafter be complete without him.

AND WAINWRIGHT HAS TO PAY 45 CENTS A GALLON

Gasoline is sold cheaper in California at SanFrancisco and Los Angeles than at any other place in the United States according to figures used by the California State Automobile Association in fighting Senate bill No. 711 which was defeated.

This bill sought to define gasoline and to fix a standard of quality, and would have increased the cost to motorists had it passed. The bill was fought in the legislature by John W. Stetson, chairman of the legislative committee of the California State Automobile Association and Percy E. Towne, a director.

The figures presented by the two officials showed:

Gasoline is sold at service stations in San Francisco at 20.5 cents a gallon At Portland, Seattle and Tacoma, at 21.5 cents. In eastern cities it ranges in price from 25.5 to 27.5 cents. In the southern states the prices range from 23 to 28.5 cents; in southwestern states from 25 to 26.5 cents and in the Rocky Mountain cities from 25 to 28 cents.

Formal complaint has been made to Washington by the British Embassy against the recent treatment of Hon. Walter Scott, former premier of Saskatchewan, on his treatment when he was removed from a train and imprisoned by the U. S. Immigration authorities.

Lancashire (Eng.) hat makers are receiving orders in large numbers from all parts of the world, but are rejecting business from Germany.

BUFFALO MEAT GVIEN EDITORS JASPER PARK

The special train conveying the large party of journalists on their way to the coast arrived at Jasper Park Sunday morning at 11 a.m. All the leading residents as well as a large number of Edmonton visitors were at the station to meet the distinguished guests and extended to them a hearty welcome on their arrival at this romantic mountain resort. All kinds of conveyances were requisitioned to convey them to the tent city, about three miles from the station, where the party were entertained at luncheon. A notable feature of this function was the cooking whole of an immense buffalo, brought from the Dominion park, Wainwright, for this occasion. The visitors had an opportunity of seeing the huge animal roasted for their delectation and served in cafeteria style, the holiday makers willingly lending their aid as waiters and waitresses.

The visitors were loud in their praise of the hospitality of the people of Alberta.

Mr. Jermaine of the Gillespie Elevator company returned to Edmonton this week, closing down for the time being their branch here.

* * *

Miss Irene Pickles, captain of Company No. 1 St. James, Saskatoon Girl Guides, and her friend Miss Mabel Pulley, eift the Shamrock camp, Clear Lake on Saturday for Saskatoon.

They had a most delightful holiday and were charmed with the scenery around the lake and he hospitality of all the families living in its vicinity. They spent one dy in the Buffalo park and took numerous snapshots of the animals.

Mrs. Brownrigg of Saskatoon accompanied by her two daughters Mrs. Leeky and Miss Kathleen Brownrigg, are expected at the Shamrock camp Clear Lake on August 18th.

Miss Kathleen Brownrigg is one of the original Girl Guides of St. James; several of whom ahve visited this district recently.

They wil lbe followed by Mr. C. Hooker, mail clerk G. T. P., and his young bride.

The regular monthly meeting of the Women's Institute will be held Saturday August 9th in the council chamber at 3 p.m. sharp. All members are requested to be present.

Dr. Lockwood has opened an office in Irma, visiting there every Monday and Tuesday, the second and fourth weeks of each month.

* * *

Born to Mr. and Mrs. Brunner at Edmonton, a daughter.

Mrs. Drouch has taken over the management of the dining room of the Wainwright hotel.

Mr. Archibald, director of Experimental Farms, of the Department of Agriculture, Ottawa, paid a visit to Wainwright Thursday of last week. He was here in connection with the experimental work of breeding the pattata. The jack that was received here some time ago, are going to be used in the work of developing the new breed of cattle, and Mr. Archibald was here to outline the year's program. He also inspected the illustration farm on the farm of Mr. Boyd.

William Barr will leave this week for Lethbridge, where he will meet his Welch bride, who is coming from the old country.

Special Price To Returned Men

To Returned Men, we are quoting a SPECIAL PRICE on Lumber and we will have Plans drafted free of charge for any buildings which they wish to build.

Plan Books

It does not cost any more to build a well laid off house than it does to build a haphazard one, in fact sometimes it does not cost nearly so much. Our Plan Books show everything from a three roomed bungalow to a ten roomed house, each one laid off to give the largest possible space and convenience at the smallest cost. It will pay you to look these over before you build and we shall be glad to show them to you at any time. We also have new Plan Books for Barns of all sizes and Farm Buildings of every kind.

We can quote you on building materials of all kinds in
